

Volunteer at Mindvalley University 2024

[Mindvalley University](#) is a unique 3 week-long transformational event bringing together people of all ages - a re-imagining of college, campus, curriculum, and community.

It is for the skills that the regular education system lacks - entrepreneurship, leadership, public speaking, health, happiness, love, parenting, mindfulness, etc.

Besides being able to learn from world-class teachers in personal and business growth, there are amazing parties, masterminds, and many other activities that will give the participants incredible memories and lifelong friendships.
